*“Rotary is not an organization for retrospection. It is one whose worth and purpose lie in future activity rather than past performance.”*

- Paul P. Harris

### INCREASE OUR IMPACT

Club Visioning allows Rotarians to think outside of the box - to imagine what their Rotary Club can accomplish both in their communities and across the globe if allowed to think bigger than their past. There are no limitations on a Rotary Club's Vision.

### EXPAND OUR REACH

Rotary Clubs develop a clear and strong identity through the Club Visioning process allowing each Club to project their "WHY" through innovative public image campaigns and Rotarians' wealth of connections.

### ENHANCE PARTICIPANT ENGAGEMENT

Success breeds excitement. Pursuing a Rotary Club's Vision and reaching attainable benchmarks over the course of a Club's Master Plan gives Rotarians a sense of achievement and the ability to dream even bigger. That passion to serve, to change lives, and to take action becomes contagious - something every Rotarian wants to be a part of.

### INCREASE OUR ABILITY TO ADAPT

Club Visioning allows Rotarians to explore new ways to meet, implement new club models, develop flexible membership options and insure that Rotary Clubs are relevant to our members and our communities.

“As a trained Club Vision facilitator, I have witnessed first-hand the incredible impact of this initiative. I believe every club could benefit from the opportunity to engage their members in meaningful dialogue, that leads to creating a shared vision for their future.”
